Want to help with VBS? See Jane or Susan

Donations Needed: see VBS display

Join us for a fun filled time of "Power Lab!"

Power Lab bubbles over with colorful fun, surprises, and all-new enthusiasm for God's Word. See amazing things happen through this incredible science themed VBS!

CHILDREN OF PROMISE

Arnel Abantao, our Child of Promise in the Philippines writes recently that he graduated from elementary level school.

"It's because you have supported me a lot. My parents accompany me. We have picture taking on the stage. Then we went home for our delicious spaghetti, rice cake and ice cream. I thanked God very much. Thank you so much. I do pray for you all."

"Paalam" That is goodbye in Tagalog, the national language of The Philippines. Melvin San Diego graduated and is looking for work. He and his family are thankful to West Side for sponsoring him and supporting him through school.

We will now sponsor Neil Umali, who is 8 years old. He is in grade 2 and his favorite subject is Math. Neil likes playing basketball and singing. He lives with his mother, father, 1 brother, and 2 sisters in a house with bamboo walls, tin roof and cement floor. He helps his family by washing dishes.

Make my heart Your dwellingplace,
O my Lord;
give Your voice to my silence;
be strength to my weakness;
when I hold back from others, be my
courage to meet them with love;
make my selfishness generous;
make me fit to serve You. Amen.
Elton Wade

F. Y. I.

We'll support our school teachers and Stanley Elementary School with helping them with **school supplies** again this year. Watch for more information and collection later this summer.

We'll support Samaritan's Purse Ministries with its **Operation Christmas Child** again this year. Watch for more information later this summer with collection of the gift-filled shoeboxes for children in November.

Sunday School Social

Everyone is Invited!

July 27

9:30-10:20 am

Family Life Center

Who are you going to invite?

O God:
From our world of worry and strife we call on thee.
From the ills of mind and body we pray for relief.
From the gnawing of uncertainty of the future,
deliver us to thoughts of hope.
We rejoice in, celebrate, and experience with
gratitude—painless and happy days,
encouragement received and tasks achieved,
work to do, friends to love,
loads to lift, hope to share. Amen.
